Declaration of Compliance to RoHS and REACH

SIBER Circuits Inc. is committed to adhering to all legal requirements, international conventions, and specific market requirements to provide a product free of substances that could harm the environment or human health.

Restriction on Hazardous Substances (RoHS) Compliance

RoHS Definition:

SIBER Circuits hereby certifies that all products supplied are in compliance with the European Union Directive 2002/95/EC & 2015/863/EU on the Restriction of the use of certain Hazardous Substances in electrical and electronic equipment (RoHS). Based on information provided to us from our suppliers, and to the best of our knowledge, SIBER Circuits RoHS compliant products do not contain any of the identified substances in excess of the allowable Maximum Concentration Values (MCV).

Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals and SVHC.

Under the definition of the REACH regulations EC1907/2006, SIBER Circuits is a producer of "articles" under the REACH definition.

REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in exceeds the specified value.

Based on the material content / material analysis information provided to us from our suppliers. To the best of our knowledge, SIBER Circuits product does not contain any of the 223 chemicals identified on the SVHC Candidate List published by ECHA, as of January 2022, in excess of the specified percentages. This position is based on the material content / material analysis information provided to us from our suppliers.
